Sustainable Furniture Guide

1. Where did it come from?
   - What working conditions are you supporting through this purchase?
   - How far will it be shipped?
   - Does it contain recycled content?
   - Are any raw materials responsibly extracted to make it?

2. Waste Minimization
   - Is it necessary?
   - Is it durable and will it last a long time?
   - Is it recyclable?
   - Are there alternatives with less packaging?

3. Does it contain flame retardant chemicals, fluorinated stain treatments, antimicrobials, vinyl or VOCs including formaldehyde?

Look for these labels
